

BLOCSEAL

Bloc Seal is a single-molded, fixed-length security seal made from high-quality Polypropylene (PP) and designed for dependable performance in a wide range of applications. It features a flat tag area, offering ample space for custom markings such as logos, barcodes, and serial numbers, ideal for improving identification and traceability.

With its smooth, flexible strap, Bloc Seal is easy to handle and quick to apply. The integrated locking mechanism is secure yet designed to be removed without tools, providing convenience without compromising tamper evidence.
