

CIT (CASH IN TRANSIT) BOX

The CIT (Cash In Transit) Box is designed for the secure transportation of cash between locations. Manufactured from durable Polypropylene (PP), it provides a reliable solution for cash handling operations. The box features a 4-point sealing mechanism and is best secured with Wesglow TOTSEAL W6 or Wesglow Pull Tight Seals, providing clear evidence of any unauthorized access.

Specification

- ◆ Material: Polypropylene (PP)
- ◆ Stackable for easy storage
