

HEXA FIX

Hexa Fix is a fixed length cable seal designed for higher security applications requiring strong and reliable tamper evidence. The seal features a durable ABS plastic body combined with a steel cable, providing excellent strength and security for various industrial and logistics uses.

This seal is a one-time use locking mechanism, and a cutter is required for removal, ensuring clear evidence of tampering and preventing unauthorized access.

Hexa Fix can be customized with hot stamp marking, including company name, logo, and sequential numbering for identification, traceability, and security control.

Material

- ◆ Body – (ABS)
- ◆ Cable – Steel Cable

Printing & Marking

- ◆ Hot Stamp
- ◆ Name / Logo
- ◆ Sequential Numbering

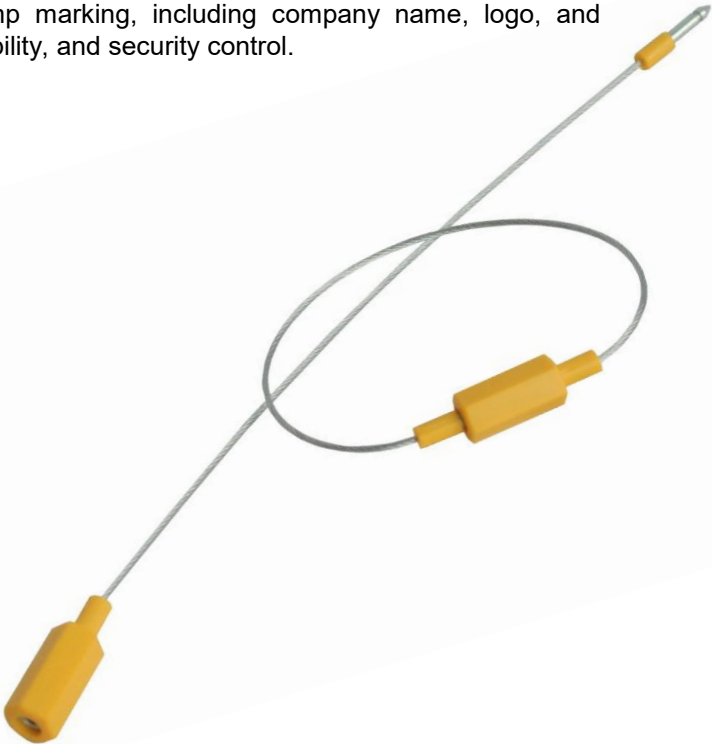

Applications

- ◆ Container / Trucks
- ◆ Refineries
- ◆ Tankers

Properties

- ◆ Average Breaking Strength : 181 kgf
