

MAXITAG

MAXITAG is a single molded variable length security seal made from high-quality polypropylene (PP), combining strength, flexibility, and ease of use. Its adjustable strap accommodates a wide range of applications, providing a secure and tamper-evident lock.

A key feature of MAXITAG is its large tag area, allowing users to add labels, signatures, or printed details for clear identification and verification. Durable and reliable, MAXITAG is ideal for industries that require both security and traceability.
