

NOVA SEAL

NOVA SEAL is a variable length security seal made from high quality plastic and fitted with a stainless steel jaw for enhanced locking strength and durability. It features a triple locking mechanism and a transparent cap for quick and easy inspection, allowing tamper evidence to be identified immediately.

The flexible strap allows for convenient handling and application, while the locking system is strong and resistant to weather conditions. With an average breaking strength of 31.5 kgf, NOVA SEAL provides secure and reliable sealing for transportation, logistics, and industrial applications.

Material

- ◆ Body – Polypropylene (PP)
- ◆ Jaw – Stainless Steel

Printing & Marking

- ◆ Laser
- ◆ Name / Logo
- ◆ Sequential Numbering
- ◆ Barcode

Applications

- ◆ Container / Trucks
- ◆ Transportation
- ◆ Tankers

Properties

- ◆ Average Breaking Strength : 31.5 kgf
