

SL-1

SL Seal is a padlock-type security seal manufactured from high-quality plastic with a triple-locking mechanism for enhanced security. The seal is self-locking and can be secured by simply pressing down. Once locked, it cannot be opened without leaving clear evidence of tampering, making it an ideal solution for protecting valuable assets during storage and transportation.

Material

- ◆ Body – Acrylonitrile Styrene (AS)
- ◆ Hasp – Stainless Steel

Printing & Marking

- ◆ Laser
- ◆ Name / Logo
- ◆ Sequential Numbering
- ◆ Barcode

Applications

- ◆ Retails / Distribution
- ◆ Utility Meters
- ◆ Banking
- ◆ In-Land Shipment

Properties

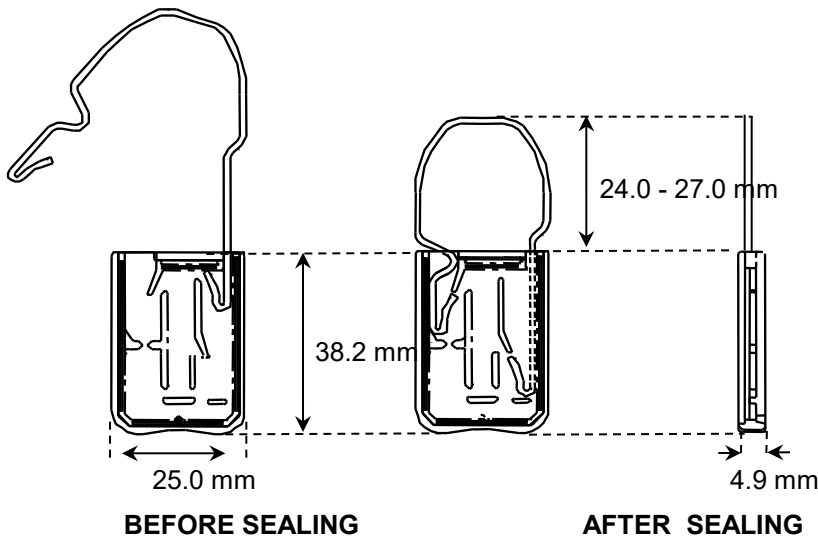

- ◆ Average Breaking Strength : 30 to 40 kgf

Colour

Product Code	Dimension			Packaging			
	Hasp Diameter Ø (mm)	Tag Length TL (mm)	Tag Width TW (mm)	Quantity per mat (pieces)	Inner Packing (pieces)	Weight per box (kg)	Box Dimension L x W x H (mm)
SL-1	1.2	38	25.0	Loose	10 / bundle	5.3	452 x 240 x 183

SL-7

SL Seal is a padlock-type security seal manufactured from high-quality plastic with a triple-locking mechanism for enhanced security. The seal is self-locking and can be secured by simply pressing down. Once locked, it cannot be opened without leaving clear evidence of tampering, making it an ideal solution for protecting valuable assets during storage and transportation.
